

# Powermax® 8

## MULTI-USE AC

Advanced Surge Protection for AC Power Products

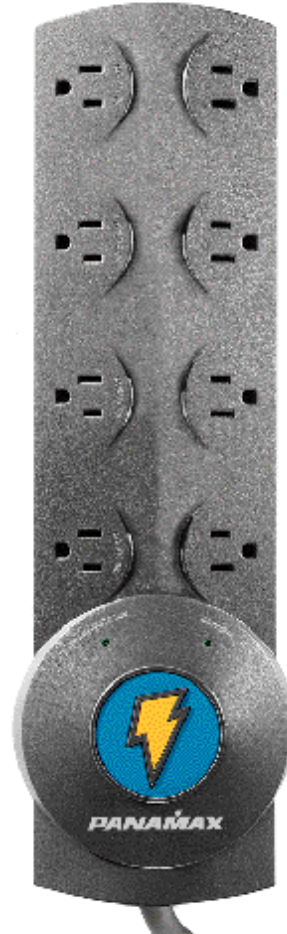

### FEATURES:

- ⚡ Protect or Disconnect™ circuitry handles an unlimited number of surges.**  
Panamax will protect your equipment no matter how big the surge or disconnect the power, keeping your equipment safe.
- ⚡ Eight AC power outlets.**  
All outlets are spaced for transformers. Four **Always On** and four **Switched** outlets provide maximum flexibility.
- ⚡ Diagnostic lights for your safety.**  
**Ground OK** light, when lit, indicates proper grounding and outlet wiring. **Power Protection** light is your assurance that the Panamax protector is doing its job.

### WARRANTIES:

- ⚡ Lifetime \$100,000 Connected Equipment Warranty\***  
Panamax will protect your equipment or we will repair or replace it up to \$100,000!
- ⚡ Lifetime Product Warranty\***  
If your Panamax surge protector is ever damaged, for any reason, Panamax will replace it free!

\* See warranty for terms and conditions

PART# PM8

Replaces Powermax Six  
(GMP0600)

AC Surge Protection:	
Protect or Disconnect™ Circuitry	Yes
Thermal Fusing	Yes
Catastrophic Surge Circuit	Yes
Single Pulse Energy Dissipation	1020 Joules
Spike Capacity	48,000A
EMI/RFI Noise Filtration	50db (99.7%)
Line Voltage	120VAC, 50/60Hz
Initial Clamping Level	141V RMS*/200V Peak
Protection Modes	L-N, L-G, N-G
Maximum Current Rating	15A (1800W)
Response Time	<1 nanosecond
*200v Corresponds to the peak of a 141v Sine Wave	

Agency Approvals & Warranties:	
UL® 1449 Rating	330V
Lightning Protection	Free Replacement
Lifetime Product Warranty	Free Replacement
Connected Equipment Warranty	Up to \$100,000
